I wanted to thank Visual Solutions assistance in setting up my store. Their workmanship was amazing and was far above my expectations. Lori Ann Gum and her assistance was absolutely wonderful to work with, very professional and flexible. They treated this project as if it was their own.

Her suggestions were needed and accepted. If it were not for her I would not have been open in a timely fashion. She assisted in the inspections, decorating, set up, coordination of plumbers and electrician, and still she kept within her projected budget. She also saved me money by revamping old fixtures, finding fixtures at a discount, and not letting me make mistakes. Don't think anyone could have talked her up enough. Absolutely a necessity. I would use her services again in a heartbeat. AND NOT TO MENTION MY STORE LOOKS AMAZING.

Thanks Visual Solutions
